

EMERGENCY MEDICAL TECHNICIAN REFRESHER FOR THE NREMT - STATE CONTENT (HYBRID)

(10 hours)

PURPOSE: The Emergency Medical Technician Refresher for the NREMT - State Content course meets the National EMS Education Standards published guidelines for the Local Content of the National Registry of Emergency Medical Technicians (NREMT) National Core Competency Program (NCCP). The curriculum provides the student with a review and update of in-depth knowledge and skill-based training of the Delaware required content to appropriately assess, stabilize, monitor, and transport pre-hospital patients. Individuals must be affiliated with a Delaware EMS provider.

CONTENT: This course provides the student with a review and update in-depth knowledge and skill-based training surrounding the Delaware Local Content of the NCCP to appropriately assess, stabilize, monitor, and transport the pre-hospital patient. This course contains 7 hours of online content to be completed before attending 3 hours in the classroom. Successful completion of this course will include passing a state approved practical and written exam.

AUDIENCE: This course is intended for those NREMTs certified and attending a refresher in another NREMT State, to refresh and update those individuals who respond to pre-hospital situations as a certified EMT and must manage, treat, and transport the patient to an appropriate medical facility.

PREREQUISITES: Must have current certification as a NREMT Emergency Medical Technician, a Delaware Emergency Medical Technician, and in BLS Provider CPR/AED or equivalent and produce a legible copy at registration. A certificate of completion for the NCCP EMT Refresher for their affiliated State/Region must be produced at registration.

CLASS LIMITS: Online Content: No Limit; Classroom Sessions: Minimum 6; Maximum 25. Completed registration forms will be accepted until class limit is satisfied or deadline date is reached. You will be notified by email of your acceptance into the class.

This course is not available as an In-Service training.
