Dover, Delaware 19904

TELEPHONE: (302) 739-4773

WELCOME

The Director and Staff of the Delaware State Fire School thank you for your interest in the Emergency Response Training Programs held at our facility and would be most pleased to welcome you and your personnel to our classes.

We are quite proud of the Fire, Rescue, Hazardous Materials Technician and Emergency Care classes that we offer to assist you in training your Response Teams. We strive to maintain a low student instructor ratio so that all students actively participate in training. Our facility provides a unique opportunity for your personnel to become very proficient at emergency response skills in all of these disciplines. Our blend of theory training, held in our state of the art classrooms and hands-on training, held on our specially designed drill ground pads, insures the finest available learning opportunity for your teams.

Located at a convenient distance from both Philadelphia and Baltimore airports, we are also in an area, which provides a wide variety of hotel and dining possibilities for a pleasant stay. Our good highway infrastructure makes travel to and from the school a relatively easy task.

After you familiarize yourself with our brochure, feel free to phone or fax us with any additional questions or for additional information.

Again, thank you for your interest in our Training Programs. We hope to see you at one of our classes soon!

Sincerely,

Steven J. Martin

Steven J. Martin
Deputy Director

SJM/lkb

BRIGADE DESCRIPTIONS FROM NFPA 600 OPTIONS

A. YOUR BRIGADE IS INCIPIENT IF...

1. You only fight incipient fires. If the fire is not in its beginning stage or when we come in contact with any products of combustion, we leave the area.
2. You use only portable fire extinguishers or low volume hand lines.
3. You do not need protective equipment or Self Contained Breathing Apparatus.

B. YOUR BRIGADE IS ADVANCED EXTERIOR IF...

1. You only fight incipient fires if they are inside a structure. If an interior fire is not in its beginning stage or when you come in contact with products of combustion, we leave the area.
2. You fight both incipient and advanced fires if they are outside the structure. On these fires, you enter the fire control zone to approach and extinguish fires, close valves, or use any other control means necessary to control the fire.
3. You use only portable extinguishers and low volume hand lines on incipient fires. You use high volume hand lines, master streams, or special agent devices on the advanced exterior fires only.
4. You have NFPA approved personal protective equipment, including Self Contained Breathing Apparatus, that must be used on advanced exterior fires when you enter the fire control zone.

C. YOUR BRIGADE IS INTERIOR STRUCTURAL IF...

1. You fight both incipient and advanced fires if they are inside a structure.
2. You fight only incipient fires if they are outside a structure. If they are not in their beginning stage or if you come in contact with products of combustion, you leave the area. You do not approach advanced exterior fires to close valves or use other means to extinguish these fires.
3. You use portable extinguishers and low volume hand lines to control incipient fires. You use high volume hand lines, master streams, and special agent devices on advanced fires inside of structures only.
4. You have NFPA approved personal protective equipment, including Self Contained Breathing Apparatus, that must be used on advanced interior fires.

D. YOUR BRIGADE IS ADVANCED EXTERIOR AND INTERIOR STRUCTURAL IF...

- 1. You fight any fire, incipient or advanced, both inside and outside of structures.**
- 2. You use low volume hand lines, portable extinguishers, high volume hand lines, master streams, and special agent devices on fires.**
- 3. You have NFPA approved personal protective equipment, including Self Contained Breathing Apparatus, that must be used on any advanced fire.**

TO REGISTER STUDENTS, MAIL OR FAX REGISTRATION FORM TO THE ABOVE

**EMERGENCY RESPONSE TRAINING PROGRAM -
GENERAL INFORMATION**

PURPOSE: The purpose of this course announcement is to provide you with information and pre-registration forms for Emergency Response Team Training available to you at the Delaware State Fire School. Specific information on the content of each course is found in the following pages of this brochure.

PREREQUISITES: Some classes are sequentially structured and, therefore, have prerequisites. This is done because information in those advanced classes builds the knowledge learned in more basic classes. Students without the prerequisite knowledge will possibly fail to understand the information being presented in advanced classes. Wherever possible, classes have been designed to be taken in any order, so that you may more easily schedule personnel to take them.

Please note any prerequisites for a class (listed on each pre-registration form) and make sure that your personnel are entitled to register for that class.

BEARDS & BREATHING APPARATUS: Due to the NFPA 1500 Standard on Fire Department Occupational Safety & Health Program, we can no longer train people with beards or facial hair that interfere with the face piece seal on Self Contained Breathing Apparatus in either the Self Contained Breathing Apparatus (SCBA) portion of the course or in courses where SCBA must be worn. Students with beards or such facial hair may not participate in some blocks of instruction in Basic Brigade Skills, Interior Structural Brigade, Advanced Exterior Brigade, Brigade Leader, Fire Brigade Review, or Confined Space Rescue and, therefore, cannot be given credit toward completion of these courses.

DRESS CODE: In an attempt to help set the proper attitude for effective training, we have installed a dress code. It is as follows:

The Delaware State Fire School, is foremost an educational facility. With that constantly in mind, the dress code is designed to promote a healthy and safe, distraction-free learning environment.

- No shorts or sleeveless shirts
- No flip-flops or open toe shoes
- No bare midriffs
- Visible body piercings shall be limited to the ear
- No dangling earrings shall be worn when performing class evolutions
- No exposed jewelry shall be worn with the exception of wedding rings

- No sexually explicit logos on shirts
- Hats (including bandanas or do-rags) cannot be worn during classroom instruction

The proper dress code for each course, consisting of casual dress, work clothes, or personal protective equipment, will be indicated on the pre-registration information form.

PHYSICAL CONDITION OF STUDENTS: No student should be sent to class with any physical and/or other condition that would prevent them from actively participating in class activities. No student shall be given credit for any unit of instruction in which they do not actively participate. No tuition credit will be given for students who cannot actively participate in class. Students who do not actively participate in any portion of the class will not be given a certificate of completion for the class and will not be eligible to return for other courses for which the uncompleted class is a prerequisite.

FINANCIAL RESPONSIBILITY FOR MEDICAL/FIRST AID TREATMENT: Any payment for any and all medical, first aid, and related charges will be the responsibility of the sponsoring organization.

REQUIRED PROTECTIVE EQUIPMENT FOR LIVE BURN EVOLUTIONS: The NFPA Live Burn Standard, NFPA Safety Standard, OSHA Fire Brigade Standards and Delaware State Fire School policy require personal protective equipment be worn for live fire training. Personnel sent to the school without approved fire coats, bunker pants, boots, gloves, helmets and eye protection cannot fight fires. Students who do not fight fires will not be issued certificates of completion or be given tuition credit for uncompleted portions of the course.

*** It is also strongly recommended that you provide students with flame retardant hoods.**

This policy applies to all Structural Firefighting, Flammable Liquids Firefighting and Flammable Gas Firefighting.

SMOKING: Smoking is not permitted anywhere in the building.

PREREQUISITE CREDIT FROM OTHER TRAINING FACILITIES: Students who have attended courses at other recognized training facilities may be able to meet prerequisites using courses taken at those facilities. Application to waive our prerequisite must be made in writing and must be received at the Delaware State Fire School at least 30 days prior to the class you wish to attend. You must include a transcript or copy of a certificate of completion for the course that was taken, clearly showing the name of the student, date, and location for the training. A list of specific classes or blocks of instruction in the course must be shown. Even if our prerequisite is waived, preference will be given to students who have attended the prerequisite course at our facility so that if a class is full, students who attended the prerequisite training at our facility will be accepted first. Delaware State Fire School reserves the right to be the exclusive judge on whether courses taken at other facilities fulfill our prerequisites.

PRE-REGISTRATION: If you have personnel that you wish to enroll in a course, return the enclosed pre-registration form for that course no later than the date indicated on that form. We need enough time to prepare class rosters, obtain class materials, notify you if a class is full before your personnel leave to travel to the School and to send confirmation of acceptance to you. Please use the full name of the student on the pre-registration form instead of nicknames or initials as this form is used to create the student computer record and that name will appear on the course certificate.

CONFIRMATION: You will receive written confirmation that your personnel have been accepted for a course. Please do not send personnel to the School if you do not have confirmed space in the course for them.

SUBSTITUTIONS: If you discover that a person who has received confirmation cannot attend a course, you may send a substitute **IF THEY HAVE MET THE PREREQUISITES FOR THAT COURSE.** Please do not exceed the total number of confirmed spaces you have for a course.

PLEASE FAX OR PHONE IN SUBSTITUTIONS SO WE MAY CHECK PREREQUISITES PRIOR TO THEIR ARRIVAL.

WALK-IN/NON-PRE-REGISTERED STUDENTS: We have had a problem with a few brigades' not pre-registering students. This causes many administrative problems and costs. Due to this factor, any student who arrives for class and is not pre-registered will be assessed an additional \$25.00 fee to cover these administrative costs. Students may be denied admission if the course is full and they are not pre-registered. Students will be denied access if they do not meet the prerequisites.

CANCELLATION POLICY: The procedure for billing is that you will be billed for those people registered for the program. If you have to cancel a registration for a person for some reason, you may cancel up to noon the day before the class. If you do not notify the School by that time, and people do not show up on the first day of class, you will be billed for that person. When you cancel a registration for a student, you will be issued a cancellation number. **No appeal for contested billing will be allowed if you do not have a cancellation number.** This applies to all organizations. Billing will be done at the completion of each course.

CLASS HOURS:

Basic Brigade Skills and First Responder begin promptly at 8:00 a.m. and end at 4:30 p.m. Students need to be at the training center by 7:45 a.m. the first day for administrative purposes.

Advanced Exterior Brigade Certification Course begins promptly at 8:00 a.m. and end at 5:00 p.m. Students need to be at the training center by 7:45 a.m. the first day for administrative purposes.

Other classes begin promptly at 9:00 a.m. and will end at 4:00 p.m. Please report to the Training Center by 8:30 a.m. on the first day of these courses for administrative purposes.

MEALS: A noon meal will be provided in our cafeteria.

TUITION FEES: Tuition rates reflect our operating costs. Hence, courses, which require the most materials, will cost the most to attend. A schedule of current tuition fees can be found on the Tuition Schedule page in this brochure.

SPECIFIC COURSE INFORMATION: Detailed information on each course, including purpose, content, audience, prerequisites and class size limit appears in this brochure.

TUITION SCHEDULE

COURSE			
TITLE	LENGTH	IN-STATE	OUT-OF-STATE
First Responder	5 days	295.00	350.00
First Responder Refresher	2 days	75.00	230.00

INCIPIENT BRIGADE (12 HOURS)

PURPOSE: This course is intended to meet or exceed the provisions of NFPA 600 for those facilities selecting the Incipient Brigade Option. It is a blend of classroom study and practical drill ground evolutions. It is designed to enable even the non-fire oriented employee to successfully extinguish an incipient fire with a fire extinguisher or small diameter hose line.

CONTENT: Fire Brigade Organization, Fire Extinguishers, Hose Handling, Chemistry of Fire and Incipient Firefighting are covered in this course.

AUDIENCE: Any personnel who are currently serving on or who will be assigned to an Incipient Brigade may attend.

PREREQUISITES: None

CLASS LIMITS: Minimum of 10; maximum of 50 students

REQUIRED EQUIPMENT: Safety helmet and well fitting gloves

BRIGADE I - Basic Brigade Skills (24 HOURS)

PURPOSE: This course is the first step in our training program. It is designed to bring even the non-fire oriented industrial worker to a training level where they will be able to function as a useful member of the industrial emergency response team.

CONTENT: Fire Brigade Organization, Chemistry of Fire, Fire Extinguishers, The Incident Management System, Hose Handling/Appliances, Self Contained Breathing Apparatus, Interior Firefighting, Flammable Liquids Firefighting, and Flammable Gas Firefighting are covered in this course.

AUDIENCE: Any personnel who are currently serving on or who will be assigned to serve on a fire brigade may attend.

PREREQUISITES: None

CLASS LIMIT: Minimum of 10; maximum of 60 students

Full Personal Protective Equipment required.

Please note this course starts at 8:00 a.m. and ends at 4:30 p.m.
First day registration is at 7:45 a.m.

BRIGADE II – Intermediate Brigade Skills (18 HOURS)

PURPOSE: This course is intended to provide essential training for personnel assigned to Brigades seeking to meet NFPA 600 Standards for Interior Structural or Advanced Exterior Brigade. Building on the skills learned in Brigade I – Basic Brigade Skills, it bridges the gap between that course and the next level course.

CONTENT: Automatic Sprinklers, Hazardous Materials Awareness, Electrical Safety, Loss Control, Water Supplies, Detection Systems, Master Streams and RIT (Rapid Intervention Team) are covered in this course.

AUDIENCE: Any personnel who are currently serving on, or who will be assigned to an Interior Structural or Advanced Exterior Brigade may attend.

PREREQUISITES: Brigade I – Basic Brigade Skills

CLASS LIMIT: Minimum of 10; maximum of 60 students

ONLY HARD HAT AND GLOVES REQUIRED

BRIGADE III A - ADVANCED EXTERIOR BRIGADE
(18 HOURS)

PURPOSE: This course is intended to provide essential training for personnel assigned to fire brigades seeking to meet NFPA 600 Advanced Exterior option. Building on the skills learned in Brigade II, it allows the brigade member to fight Advanced Exterior Fires.

CONTENT: Storage Vessels, Flammable Liquid Firefighting, Flammable Gas Firefighting, Hazardous Materials Tactics and Firefighting Foam are covered in this course.

AUDIENCE: Any personnel who are currently serving on, or who will be assigned to an Advanced Exterior Brigade may attend.

PREREQUISITES: Brigade I – Basic Brigade Skills

CLASS LIMIT: Minimum of 10; maximum of 75 students

Full Personal Protective Equipment required.

ADVANCED EXTERIOR BRIGADE CERTIFICATION
NFPA 1081 Certification Course (40 HOURS)

PURPOSE: This course is intended to prepare the student for certification testing to achieve certification to the advanced exterior brigade member category of the NFPA 1081, Standard for Industrial Fire Brigade Member Professional Qualifications.

CONTENT: Safety; Personal Protective Equipment; Self -Contained Breathing Apparatus; Fire Behavior; Product Identification; Fire Extinguishers, Fixed Detection and Suppression Systems; Water Supply, Hose Streams and, Appliances; Master Streams; Firefighting Foam; Tactical Priorities and Considerations; and Ladders are covered in this course.

At the conclusion of the course, students will complete both the written and practical tests for certification. Successful candidates will be certified to this section of the NFPA 1081 standard by the National Board on Fire Service Professional Qualifications (Pro Board).

AUDIENCE: Any Brigade member who wishes to be certified as an advanced exterior brigade member.

PREREQUISITES: None.

CLASSLIMITS: 10 minimum to 30 maximum

REQUIRED EQUIPMENT: Full turnout gear; consisting of NFPA approved turnout coat, turnout pants, boots, helmet, protective hood, and gloves.

**Written and practical skills exams must be taken
and passed at the end of the course**

**Please note this course starts at 8:00 a.m. and ends at 5:00 p.m. p.m.
First day registration is at 7:45 a.m.**

BRIGADE III B - INTERIOR STRUCTURAL BRIGADE
(18 HOURS)

PURPOSE: This course is intended to provide essential training for personnel assigned to fire brigades seeking to meet the NFPA 600 Interior Structural option. Building on the skills learned in Basic Brigade Skills and Intermediate Brigade Skills, it takes the brigade member beyond merely the application of water or fire extinguisher agent. It enables the brigade member to fight larger, more complex fires and to learn additional critical fire emergency functions.

CONTENT: Search and Rescue, Tactics, Building Construction, Ventilation, Structural Firefighting are covered in this course.

AUDIENCE: Any personnel who are currently serving on, or who will be assigned to an Interior Structural Brigade may attend.

PREREQUISITES: Brigade I - Basic Brigade Skills

CLASS LIMIT: Minimum of 10; maximum of 100 students

Full Personal Protective Equipment required.

BRIGADE IV - BRIGADE LEADERSHIP SKILLS 18 HOURS

PURPOSE: This course is designed to develop leadership skills for brigade members who are serving in leadership positions. It acquaints the student with the supervisory skills necessary to direct a fire brigade emergency team during an in-plant emergency using an emergency management system. It is also intended for Brigade Members who may be called upon to act in leadership roles due to the absence of regular Brigade Leaders or to be Team Leaders in large emergencies. Students spend two of the three days of the course on the drill ground actually leading teams to control "emergencies" on our Structural, Flammable Liquids, and Flammable Gas Pads.

CONTENT: Team leader skills, principals of size-up, decision making in table top exercises, structural firefighting with student leaders, flammable liquids firefighting with student leaders and flammable gas firefighting with student leaders are covered in this course.

AUDIENCE: Experienced Fire Brigade members who are or will be assuming leadership roles during plant emergencies may attend.

PREREQUISITES: Brigade III B - Advanced Exterior Brigade; or
Brigade III A - Interior Structural Brigade

CLASS LIMIT: Minimum of 10; maximum of 100 students

Full Personal Protective Equipment required.

REQUIRED EQUIPMENT: Safety helmet and well fitting gloves

Fire Brigade Review Courses are designed to allow personnel to fulfill the annual training requirements. You may register for 1, 2, or 3 courses to suit your needs.

**SELF CONTAINED BREATHING APPARATUS/FIRE
EXTINGUISHERS REVIEW 6 HOURS**

- PURPOSE:** This course is intended to provide refresher training and practice for personnel in the areas of SCBA and Fire Extinguishers.
- CONTENT:** This course consists of both classroom and drill ground sessions in Self Contained Breathing Apparatus and Fire Extinguishers.
- AUDIENCE:** Brigade or office personnel, either novice or experienced, who need SCBA and extinguisher training may attend.
- PREREQUISITES:** None
- CLASS LIMIT:** Minimum of 10; maximum of 50 students

BRIGADE STRUCTURAL FIREFIGHTING REVIEW

6 HOURS

PURPOSE: This course is intended to provide hands-on refresher training for experienced personnel in the area of structural firefighting. It seeks to provide a source of practical firefighting experience not easily obtained on the plant site.

CONTENT: This course covers Structural Firefighting

AUDIENCE: Experienced Brigade members who are required to have refresher training in Structural Firefighting may attend.

PREREQUISITE: Brigade I - Basic Brigade Skills

CLASS LIMIT: Minimum of 10; maximum of 50 students

Full personal protective equipment required.

BRIGADE FLAMMABLE LIQUIDS/GAS FIREFIGHTING
REVIEW 6 HOURS

PURPOSE: This course is intended to provide hands-on refresher training for experienced personnel in the area of Flammable Liquids and Gasses firefighting. It seeks to provide a source of practical firefighting not easily obtained on the plant site.

CONTENT: Flammable Liquids Firefighting and Flammable Gas Firefighting will be covered in this course.

AUDIENCE: Experienced Brigade members who are required to have refresher training in Flammable Liquids and Gas Firefighting may attend.

PREREQUISITE: Brigade I - Basic Brigade Skills

CLASS LIMIT: Minimum of 10; maximum of 50 students

Full Personal Protective Equipment required.

FIRST RESPONDER (40 HOURS)

PURPOSE: This course is to provide the student with the basic life support skills and knowledge to assess, stabilize and monitor the pre-hospital patient. This course prepares the student to take the National Registry First Responder Exam and if successfully completed, obtain a First Responder Certification with a two year renewal option.

CONTENT: This course consists of airway management, AED, CPR, trauma management, medical emergencies, emergency operations, obstetrics, and pediatrics.

AUDIENCE: Any personnel who may be requested to give first aid may attend.

PREREQUISITES: Must be at least 16 years of age for First Responder

CLASS LIMIT: Minimum 10; Maximum 35

NOTE: This class starts at 8:00 a.m

FIRST RESPONDER REFRESHER (12 HOURS)

PURPOSE: This course is designed to re-certify the skills and knowledge of the First Responder in the areas of First Aid, CPR and AED.

CONTENT: This course consists of airway management, AED, CPR, trauma management, medical emergencies, emergency operations, obstetrics, and pediatrics.

AUDIENCE: Any individual currently certified as a First Responder may attend.

CERTIFICATION: Personnel successfully completing the First Responder Refresher Course may be re-certified as a First Responder for a two (2) year period.

PREREQUISITES: Must hold a current First Responder Certification

CLASS LIMIT: Minimum 10; Maximum 35

NOTE: This class starts at 9:00 a.m.

INDUSTRIAL CONFINED SPACE RESCUE (24HOURS)

PURPOSE: This course is designed to prepare industrial fire and rescue personnel to safely enter confined space areas to stabilize and remove victims.

CONTENT: "Hands-on-Training" to include raising and lowering of rescuer and victims in the confined space setting, through the use of ropes, rigging equipment, harness assemblies, and tripods. Evolutions include the use of air monitoring, in-line breathing, and first aid equipment. Practical evolutions utilizing "The Rescue Team Concept" will consist of horizontal and vertical rescue, underground rescue, and vessel-type rescues. OSHA 29 CFR 1910.146 will serve as a guideline.

PREREQUISITES: Self Contained Breathing Apparatus Proficiency

Please note: Due to the intense nature and skill level required of the students in this program, you as the student will be required to perform all tasks during the training session.

AUDIENCE: Any personnel who are currently serving on or who will be assigned to serve on a Confined Space Rescue Team or required to perform Confined Space Rescue duties are encouraged to attend.

REQUIRED EQUIPMENT: Safety helmet with chin strap, safety glasses, coveralls, well-fitting gloves, safety shoes with ankle support and knee pads are recommended.

CLASS LIMIT: Minimum of 8; maximum of 24 students

INDUSTRIAL CONFINED SPACE RESCUE REFRESHER
(18 HOURS)

PURPOSE: This course is intended to provide refresher skills training for students who have completed the Confined Space Rescue Course.

CONTENT: This course will cover the review of knots, ropes, rigging equipment, harness equipment, in-line breathing equipment, lock out-tag out and air monitoring equipment. There will be drillground evolutions for students working in teams to practice rescue skills.

AUDIENCE: Any personnel who are currently serving on a Confined Space Rescue Team and are in need or re-certification as stated in OSHA 29 CFR 1910.146.

PREREQUISITES: Confined Space Rescue

REQUIRED EQUIPMENT: Safety helmet with chin strap, safety glasses, coveralls, well-fitting gloves, safety shoes with ankle support and knee pads are recommended.

CLASS LIMIT: Minimum of 8; maximum of 24 students
