## April 2016

## New Engine Nearing Completion

Some of the staff will be traveling to the Pierce plant in Florida in mid-April to perform the final inspection on the new engine. The engine is to be used for Driver/Operator, Engine Company, and other classes as deemed necessary.

### EMS News

Please remember to take a look at the NREMT National Core Curriculum that is currently under consideration in Delaware. Comments should be sent to the Fire Commission before April 26. Also, the 2015 AHA changes have been implemented at the school.

The car fire props have been installed in New Castle and Kent and are available for classes. Contact Jerry Brennan (NC) and Bill Baker (K) to book an in-service class for your company.

### New Staff Member

Chad Ingram has joined our staff as Training Administrator to replace the retired Bill Walton. Chad is a Past Chief of the Wilmington Manor Fire Company and will be handling Basic, Structural, and Haz Mat Response Skills.

Welcome Chad!

### *Fire Attack Seminar*

DSFS is hosting two, 1-day seminars on Modern Fire Attack from the International Society of Fire Service Instructors. May 14 in Sussex and May 15 in New Castle. Go to our website for more information.
