Delaware State Fire School

Hazardous Materials Awareness and/or Operations Certification Examinations

Purpose

To allow firefighters who meet the necessary prerequisites to challenge a nationally recognized examination for the purpose of being certified under the National Board on Fire Service Professional Qualifications.

Audience

Any fire department/company member who meets the requirements as specified.

Content

The written examination for Hazardous Materials and Operations certification consists of multiple-choice questions. Test questions and required skill evolutions, are based on the NFPA 472. It is suggested that the applicants use the **IFSTA Essentials of Fire Fighting and Fire Department Operations, 6th Edition** as a study guide for the written tests and practical evaluations.

Practical Evaluation

All Practical Testing will be conducted at the Dover Training Center

Candidates shall have completed DSFS Basic Firefighting Skills or an approved Hazardous Materials Awareness Course for **Hazardous Materials Awareness** testing. No Skills are necessary. Candidates shall have completed DSFS Hazardous Materials Response Skills or an equivalent, approved Out-of-State Hazardous Materials Operations Course for **Hazardous Materials Operations** testing. Only one day is necessary to complete the testing requirements. Applicants will need to make special arrangements confirm the Out-of-State Hazardous Materials course and associated skills are approved before the written examination. Applicants will be notified of their acceptance and which day they need to attend to complete the testing.

NOTICE

If meeting all pre-requisites for both Awareness and Operations testing, a combined certification test for both levels is available. Please note the pre-requisites in order to be eligible upon applying. Applicants will be notified of their acceptance and which day they need to attend to complete the testing.
