Attention EMT:

The State Fire Prevention Commission has adopted new BLS Protocols that will take effect on January 1, 2019. In preparation for this, all current EMT's must successfully complete a BLS Protocol Update. This must be completed by January 1, 2019. EMTs who do not complete this will be decertified as of January 1, 2019.

In order to facilitate this mandate, the Delaware State Fire School will offer an online Delaware BLS Protocol 2018 Update course. This program will be available from October 22, 2018 until December 31, 2018. You will be automatically assigned to the course in the Delaware Learning Center. No action will be required from the EMT upon successful completion of this program.

If you do not find the course in your transcript, please complete the attached registration form and submit it to the Delaware State Fire School office.

EMTs must have an account in the Delaware Learning Center in order to complete this training. For those who already have an account, you DO NOT need to create another account. This only needs to be created once. Directions to complete this process are attached and available on our website.

Sincerely,

Matthew Gajdos
EMS Training Administrator
