

# DSFS News - OCTOBER 2018

For the first time, Basic Firefighter Survival techniques were included in our Basic Firefighter Skills class, by Program Manager Chad Ingram. These skills are versions of the skills performed in our more advanced Firefighter Survival Skills Class.

## Basic Firefighting Skills

All 4 Platoons of the Wilmington FD traveled to Delaware State Fire School Dover, Delaware for Rope Rescue Technician Pro Board testing. Everyone successfully attained national certification. Outstanding job!

Our new Forcible Entry trailer is now in-service and ready to train you. This training prop will be located at the New Castle and Sussex training facilities and may be requested to be utilized at an individual fire station for regional training. Contact us today to schedule your training—(302) 739-4773.

The holiday season is approaching. Schedule your Fire Safety/Injury Prevention events now!
